Welcome

I am once again pleased to bring you our Autumn/Winter CPD programme. The programme provides you with learning opportunities to meet the rapidly changing landscape of pharmacy practice within Wales.

On July 6th, Vaughan Gething, the Cabinet Secretary for Health, Wellbeing and Sport, released a statement about the formation of a new organisation, Health Education and Improvement Wales (HEIW) by April 2018. The full statement can be seen at: http://wcp.pe/heiw

HEIW will be responsible for all healthcare professional education and workforce development, and will be formed by a number of organisations merging. Over the next six months, consideration will be given as to whether all or part of WCPPE functions will be moved to HEIW. This change will have the potential to bring new opportunities for a multi-disciplinary approach to healthcare education.

As pharmacy increasingly works within multidisciplinary teams, WCPPE already recognises the need to offer more opportunities for pharmacy to learn together with and from our healthcare colleagues. I would strongly encourage you to join our multi-disciplinary networking events.

As the changes to the community pharmacy contract emerge, WCPPE is working closely with all sectors to ensure we can provide any educational support required to deliver on the contractual changes. This work has already started with the NESA project and more details of the project can be seen here, with details of our launch events here.

We are also currently working on a foundation programme for community pharmacists and we hope to be offering some places before the end of March 2018. Please follow our website, Twitter or Facebook page for more information.

The consultation on GPhC pharmacy professional revalidation closed on 17th July 2017. There are changes to the process for pharmacy professionals to maintain registration and I strongly suggest that you all regularly visit the GPhC website for information and make sure you read updates through GPhC Regulate newsletter.

When the process for re-validation is finalised, WCPPE will be working to support you all to meet GPhC requirements. Don’t forget our September dates for the ‘Understanding Fitness to Practise & Professional Standards’ events. I now leave you to browse our Autumn/Winter brochure and hope you find something to interest you and meet your CPD needs.

Best wishes,
Margaret Allan
Director
Our team

As always, we are delighted to welcome a number of people to our team:

Kate Spittle  
Education Project Manager

Rebecca Carpenter  
NESA Education Project Manager

Caroline Murphy  
Pre-registration Education Project Manager

Emma Llewellyn  
Education Project Manager
Updates

eLearning Programmes
Biochemistry eLearning packages have recently been added to our online resources.

Webinar recordings
Click here to view online webinar recordings.
- Image & Performance Enhancing Drugs (IPEDs) Part 1 – What, How and Why?
- Image & Performance Enhancing Drugs (IPEDs) Part 2 – Risks of Use and Harm Reduction
- Type 2 Diabetes Update
- Dry Eye Syndrome

NHS ’Flu service and Basic Life Support (BLS) Training for 2017
In agreement with all Health Boards, WCPPE will provide any updated eLearning required in order to continue delivery of the NHS ‘flu service when a PGD is published.

An up-to-date list of private ‘flu training providers can be found on our website, and your Health Board community pharmacy contract lead will signpost contractors needing ‘flu or BLS training to the appropriate providers, or BLS events, in your locality.
Get involved

WCPPE Online

Over the last few months, WCPPE has developed a new web platform and you will already have started to see changes to our website. We will be continuing to develop our offering until March 2018 and would like as many of you as possible to provide us with feedback on how we are doing and what needs to change.

If you would like to actively be part of shaping our further developments, please contact Matt Smith, eLearning Project Manager, by emailing SmithM30@cardiff.ac.uk.
Hold the Date

COMING SOON

Multidisciplinary Networking Event
This event will provide a practical holistic approach to multidisciplinary teams supporting people living with dementia in community settings.
Cardiff University
(Live streamed for those unable to attend in person)

Working Together to Develop the Primary Care Workforce

Management of Pain for Primary Care Workforce
What is the best approach to pain management and service provision? These full day workshops will look at drug and non-drug management.
Speaker:
Emma Davies, Advanced Practitioner in Pain Management
Click here for dates in March 2018
National Enhanced Services Accreditation (NESA)

Our aim is to introduce a streamlined process for enhanced services accreditation, making it easier to obtain accreditation, in line with Welsh Government requirements.

The objectives are to:

> Modernise the enhanced services accreditation process through online delivery and engagement
> Improve access to training to deliver skills necessary for effective existing and future enhanced services
> Recognise and unify the consultation skills of pharmacy professionals by introducing a generic skills assessment which will cover all enhanced services

Certification:

The new process for providing enhanced services will be called ‘certification’ and allow pharmacy professionals to tailor the learning process to suit them whilst focusing on CPD.

> It is the first step towards a self declaration of competence model
> The process will be automated to reduce unnecessary repetition whilst increasing efficiency
> Re-certification will be required every 3 years without any mandatory assessment

The 3 steps for certification:

1. Pass the generic skills assessment
2. Pass the clinical knowledge assessment for the service
3. Complete and submit the statement of competence

Have any queries? Want to join the pilot phase? Please contact Steluta Grama on GramaS@cardiff.ac.uk or 029 2251 0272

Click here to watch the WCPPE NESA Vision Video
What is changing?

**PILOT PHASE**

1 Oct 2017 - 8 Jan 2018

- No live training events
- Initial accreditation for all other enhanced services
  - no changes from current process
- Re-accreditation for ALL services - **ON HOLD UNTIL 1ST APRIL 2018**

**PILOT EVALUATION**

9 Jan 2018 - 31 Mar 2018

- No live training events
- Initial accreditation for Emergency Contraception & Smoking Cessation
  - **NOT AVAILABLE**
- Initial accreditation for all other enhanced services
  - no changes from current process
- Re-accreditation for ALL enhanced services
  - **ON HOLD UNTIL 1ST APRIL 2018**

**ACREDITATION PROCESS**

1 Apr 2018 - 31 Mar 2019

- No live training events
- Initial accreditation for ALL enhanced services
  - new online process
- Re-accreditation for ALL enhanced services
  - new online process
- All pharmacy professionals delivering any enhanced service must complete the new Generic Skills Assessment by **31st March 2019** (pilot participants will have already completed)

Click here for details of our health board launch events in September.
Other WCPPE Programmes

In addition to our CPD+ programmes, regular CPD events and eLearning packages, WCPPE also delivers other education and training programmes:

**Pre-Registration Pharmacist Programme**

A comprehensive, Wales-based programme to fully meet the needs of pre-registration trainees in the community, the managed sector, and on the integrated programme. We have over fifteen years’ experience running this programme and have enjoyed a pass rate of 100% in 2016.

Our face-to-face programme of regional and central events offers the chance to learn with peers away from the workplace. Trainees enjoy opportunities to develop soft skills, and also work with patients in a safe environment to develop consultation skills.

The programme is continually evaluated and updated to ensure it remains current and meets the continuing needs of the trainees. Tutors are also invited to attend a tutor training day which will result in a £200 discount on the trainees’ programme fee. Click here to learn more.

WCPPE’s pre-registration training programme offers:

- Teaching delivered from all sectors’ perspectives to support trainees in passing the registration assessment
- Sessions facilitated by expert speakers
- Regular access to local support from WCPPE
- Training to accredit for the enhanced services and MUR accreditation
- Full access to our online resources package via our eLearning platform
- Support with completion of GPhC site accreditation and associated training plan
- Tutor education and training event, and quarterly progress reports on trainees

For more information, please email Laura Doyle, Programme Manager on DoyleL5@cardiff.ac.uk
Other WCPPE Programmes

Pre-Registration Pharmacy Technician Training Programmes

WCPPE are accredited by City and Guilds to deliver the Level 2 NVQ Certificate in Pharmacy Service Skills (QCF) and Level 3 NVQ Diploma in Pharmacy Service Skills (QCF). We work with candidates in both the managed sector and in community pharmacies across Wales.

The assessment team managing delivery of the NVQs have diverse backgrounds and extensive pharmacy practice experience. Many staff are current practitioners across a range of sectors, which enables WCPPE to keep pace with developments in practice.

We offer a range of delivery models and will work with organisations to identify the most suitable model, based on the capacity and resources available to support a candidate.

WCPPE support candidates via regular visits to their workplace, facilitated training sessions, access to an online forum and signposting to appropriate resources, information and news. Click here to learn more.

WCPPE’s Pre-Registration Pharmacy Technician training programmes offer:

- An accredited programme delivered by skilled and experienced pharmacy practitioners
- Facilitated training sessions to enhance professional development
- Access to regular support via network of Assessors
- Full access to additional learning resources via our eLearning platform
- Single point of contact for all queries

WCPPE is a contracted Training Provider delivering Apprenticeships across Wales. Modern Apprenticeship funding may be available, subject to funding criteria.

For more information please e-mail Wendy Penny at PennyWD@cardiff.ac.uk

The course was very good, I would recommend it to anyone and I wish I had done it sooner.
How to Book

**Online**
The quickest and easiest way to book onto any live event, or access eLearning packages is by booking via the links in this interactive brochure, or online at [www.wcppe.org.uk](http://www.wcppe.org.uk)

**Booking a live event online:**
1. Log in
2. Search for event in the calendar
3. Click on the event link
4. Click on the ‘Register for this event’ button
5. Follow the on-screen instruction
6. You will receive a confirmation email

**To access eLearning online:**
1. Log in
2. Click the pink ‘Learning’ tab
3. Click on ‘A-Z of Learning Resources’
4. Click on the link you want
5. Click the icon at the bottom of the resource page
6. Confirm your email address
7. Click the grey ‘my WCPPE’ tab
8. Scroll down to the required resource
9. Click ‘Access the online course’ below the resource name

**To book by email or telephone**
Requests can be sent by email to [wcppe@cardiff.ac.uk](mailto:wcppe@cardiff.ac.uk) or by ringing [029 2087 4784](tel:02920874784)

Please tell us your name, GPhC number, the event number and event details when contacting us.

**Why do I need to book?**
It is important that you book prior to attending an event, to ensure the correct resources are available at the event and that any pre-course reading can be made available.

Please note that failure to book onto any live event that has a limited number of places could result in you being turned away, due to a lack of spaces.

**Cancelling a booking**
If you are unable to attend a live event, please cancel your booking by telephone or email at least one full working day before the event. This will allow us some time to offer your place to someone on the waiting list.

Failure to cancel your place will result in a charge to cover the cost of catering and resources.

If WCPPE has to cancel an event, we will attempt to notify all registered participants by telephone or email, as well as posting a notice on our website and social media pages. We would therefore encourage you to ensure your registration contact details are up-to-date, and to check our website regularly.
Programme of Events

Autumn/Winter 2017 - 2018

- Therapeutics
- Webinars
- Personal Competencies & Skills Development
Overview

What’s new with insulin therapy and how are these included within current treatment regimens for people with Type 1 diabetes?

Dose adjustment for normal eating (DAFNE) should be part of a structured education programme and is an integral part of diabetes care to improve quality of life for patients and their families.

This workshop will focus on how pharmacy professionals can contribute to the overall management of people with diabetes and signpost accordingly.

Designed for:
Pharmacists, pharmacy technicians & pre-registration trainee pharmacists working in all sectors of practice and patient facing roles

Facilitator:
Specialist Clinician/Pharmacist/Nurse in Diabetes

Supporting Wales with Antibiotics in Primary Care (SWAP)

Overview

What do you understand by the term ‘Antimicrobial Stewardship’ and what roles can a primary care pharmacist/technician have in supporting this?

As healthcare professionals, we need to support the education of our patients regarding the use of antibiotics. We are also perfectly placed to promote stewardship principles to all of our colleagues in primary care and to help facilitate quality improvement in antibiotic prescribing. Pharmacy teams can also empower patients to recognise and manage their self-limiting conditions and reinforce the message that the GP should not always be the first port of call.

This event is aimed at empowering and developing primary care pharmacists/technicians who have a special interest in antibiotics and antimicrobial resistance (AMR).

Designed for:

Pharmacists & pharmacy technicians currently working within a GP Practice &/or member of the health board primary care team

Speakers:

> Avril Tucker, Antimicrobial pharmacist & member of the All Wales Antimicrobial Pharmacist Group (AWAPG)
> Nik Reid, All Wales Consultant Antimicrobial Pharmacist for Public Health Wales
> Other invited guest speakers who are leaders in their field

Rashes, Infections & Infestations: Young Adult to Elderly

Overview
Commonly presented skin conditions can be challenging to identify and therefore manage effectively. How familiar are you with skin conditions in the more mature population and how easily are you able to identify those that are a drug induced skin disorder?
This workshop follows on from the previous session delivered early 2017.
All pharmacy professionals can contribute to the identification and treatment outcomes of these conditions and signpost accordingly.

Designed for:
Pharmacists, pharmacy technicians & pre-registration trainee pharmacists to refresh or update their knowledge and skills in this area

Speakers:
› GPwSI - Dermatology
› Specialist Nurse in Dermatology

Therapeutics
Overview
In Wales there are disproportionately more anxiolytics and hypnotics prescribed compared to England than in any other drug category.
Anxiety disorders are something anyone can experience and currently affect around 16% of people in the UK. They are often misunderstood and can cause stigma and discrimination, making it harder for people to speak openly about their situation.
Insomnia is complex and can be deep rooted. It is a common problem thought to regularly affect 1 in every 3 people in the UK. Persistent insomnia can significantly affect quality of life and is often linked to stress and anxiety.
This event will enable pharmacy professionals to develop their knowledge and skills in the holistic management of anxiety and insomnia and therefore support patients more effectively as part of the wider multidisciplinary team.

Designed for:
Pharmacy professionals working within a community pharmacy setting, although colleagues working in other sectors are welcome to attend

Speakers:
WCPPE Facilitator

Overview
We are all aware that antibiotics are becoming less effective and antibiotic resistance is a significant threat to patient safety across Europe.
Every health care professional has a responsibility to educate their pharmacy teams as well as the public to slow down resistance development.
This National Community Pharmacy Public Health Campaign during November aims to highlight the importance of how to use antibiotics in the right way and key actions required for you as participants.
There will also be reference to the current messages for EAAD on 18th November 2017.

Designed for:
Pharmacists, pharmacy technicians and preregistration trainee pharmacists working in patient facing roles within any sector

Speakers:
Nik Reid, All Wales Consultant Antimicrobial Pharmacist for Public Health Wales
Thinking about Your Drinking

Overview

All community pharmacies in Wales will be asked to participate in this campaign, which coincides with the Dry January 2018 alcohol awareness campaign. Thinking about Your Drinking is intended to raise awareness with community pharmacy customers of the risks of alcohol consumption. It aims to:

- highlight the most recent guidance on low risk drinking
- encourage people to check how much they are drinking
- motivate people to think about cutting down if they are drinking too much

The webinar will explore the health harms of drinking, and the role of the pharmacy workforce in raising awareness and encouraging people to think about making a change.

Designed for:

Pharmacists, pharmacy technicians, pre-registration trainee pharmacists and pharmacy support staff working in patient facing roles within any sector

Speakers:

Consultant Lead for Alcohol in Public Health, Public Health Wales, Cardiff
Find a date to suit you

Overview
The current process for accreditation to deliver enhanced services within Wales is changing.

This event will provide you with up to date information on the new process, what is expected of pharmacy employees going forward, and how to enrol on the pilot scheme commencing 1st October 2017.

Health Board representatives will also provide an overview of their proposed work plan regarding future enhanced services, and other opportunities/requirements within the pharmacy contract for their locality.

Designed for:
Pharmacy professionals who work or locum in a community pharmacy setting within Wales providing enhanced services

Speakers:
- WCPPE facilitators
- Community advisors/leads within each Health Board

Falls prevention needs to be on everyone’s agenda and pharmacy professionals must play their part alongside all other services and organisations to ensure the vision for Wales is delivered.

It is estimated that between 230,000 and 460,000 people over the age of 60 fall each year and this is greater for those over 75.

How can pharmacy contribute to enable older people to live longer in their own homes, remain active and maintain their health and wellbeing?

Designed for:
All patient facing members of the pharmacy team

Speakers:
> National Task Force Falls Prevention in Older People
> Care and Repair Cymru & Age Cymru RNIB
> Chartered Society of Physiotherapy/National Exercise Referral Scheme Ageing Well in Wales

NB: This event will not cover diagnosis and clinical management of conditions in the older person but will focus on appropriate interventions.

Personal Competencies & Skills Development

Emergency First Aid at Work

Overview
This full day, Health and Safety Executive (HSE) approved EFAW training will equip candidates with the minimum knowledge and skills required to save lives in a medical emergency and to treat common workplace injuries.
These events are very ‘hands on’ and for this reason are limited to a maximum of 12 participants.
There will be a charge of £85 to attend this training day.

Designed for:
All pharmacy staff appointed as Emergency First Aiders in the workplace with lower health and safety risks or anyone who requires a thorough one-day First Aid course.

Venue:
WCPPE, 8 North Road, Cardiff, CF10 3DY

Speakers:
Neil Jones, Safe Aid Training

21st MAR
9.00pm - 4.30pm
Course No: 18E09
BOOK HERE
Overview
The purpose of this afternoon will be to examine the Pharmaceutical Quality System (PQS) requirements as part of the Rules and Regulations for Pharmaceutical Manufacturers and Distributors along with the QAAPS 5th edition Standards. Good practice associated with this topic will be identified and assessed to ensure it can be implemented in relation to the safe and effective provision of an Aseptic Preparation Service.

Designed for:
Accountable and Authorised Pharmacists and Product Approval Registered Pharmacy Technicians.

Speakers:
Quality Control, Assurance and Production Pharmacists / Technical Specialists
