SUMMER VACATION HOSPITAL PHARMACY PLACEMENTS

Cardiff and Vale UHB provides health services for people living in Cardiff and the Vale of Glamorgan. The Pharmacy & Medicines Management Directorate is spread across a number of sites and we are able to offer a limited number of unpaid placements during summer 2019 (June & July) for 1st, 2nd and 3rd year MPharm undergraduate students.

The Pharmacy & Medicines Management Directorate provides a leading edge pharmaceutical service to patients including electronic discharge prescribing, automated dispensing and a wide variety of specialist pharmacist roles, including non-medical prescribing.

During the placement we will look for opportunities to provide you with valuable experience of all aspects of hospital pharmacy; the duration of the placements will usually be 3 days.

We are not able to offer payment for these placements and we will consider applications from students at any stage of an MPharm degree course.

Closing date for applications: 7th January 2019 (we will aim to contact applicants by the end of January to let them know whether or not they have been successful).
