Revalidation Demystified ✓

Overview

What is revalidation and what are the requirements and timeframes to meet these for all pharmacy registrants?

If you are unsure, require a refresher and/or just want an opportunity to discuss the elements of revalidation for 2019 onwards, then this workshop is for you.

You do not need to be a member of the RPS to attend these sessions, which will provide valuable information on the revalidation process and available resources as well as an opportunity to network with your colleagues.

Designed for:

All pharmacy professionals that are required to submit their revalidation records.
