

## ACCREDITATION FLOWCHART FOR THE PROVISION OF NHS INFLUENZA VACCINATION SERVICE 2020-21

*\*Due to the current social distancing restrictions, it has been agreed for those individuals planning to provide **NHS vaccinations only** who require initial face-to-face vaccination and Basic Life Support training, that they must complete FLU Two and BLS online eLearning package and attend a face-to-face assessment of their competence. HEIW have ran a series of assessment sessions across Wales during August / September and currently have no plans to run any more.*
