

CPD+

Introduction to Healthcare Education

Virtual induction (1hr) - Tuesday 19th January 2021

Virtual workshop 1 - Tuesday 2nd February 2021, 8.30am-1pm

Virtual workshop 2 - Thursday 25th February 2021, 8.30am-1pm

Interactive workshop 3 - Monday 22nd March 2021* 9am-5pm

This is intended to be a face-to-face event. To be confirmed

OVERVIEW:

The education, training and supervision of colleagues is now recognised as a natural part of pharmacists' and pharmacy technicians' everyday work. This programme aims to provide an introduction to the skills and techniques of effective healthcare education and training. Through attending the workshops and completing the portfolio of evidence in practice, participants will be able to apply these education skills and techniques to effectively support colleagues undertaking development opportunities in the workplace.

LEARNING OUTCOMES:

- Become an effective coach, tutor or mentor
- Apply the basic principles of adult learning theory in practice
- Learn how to manage behaviors and teach professionalism
- Plan effective learning activities
- Provide timely, accurate and constructive feedback on trainees' progress
- Understand methods of assessment used in education and training

ELIGIBILITY:

- Pharmacy Technicians or Pharmacist
- Endorsement by a senior member of their organisation (unless completing the course in own time)
- Commitment to attend all programme dates and to complete the pre-course activities for each training session
- Applicants must be working with colleagues undertaking a work-based training programme
- Completion of online registration form (places will be awarded on a first come, first served basis)

COURSE STRUCTURE:

- Pre-course activities: before attending the interactive workshops, participants will be required to complete the pre-course activities, including the e-learning package 'Helping Others Learn'
- Attendance of virtual and live interactive workshops: each workshop will include activities and presentations from experienced health professionals, with a role in healthcare education
- Practice activities: completion of post course tasks and an evidence-based, reflective portfolio

APPLICATION CLOSING DATE: 04/01/2021
